

# Digital Tools to Maintain Social Distancing

## Work from Home

Facilitate remote working

## Web Meetings

Avoid face to face meetings  
Use Teams, Zoom or Skype Meetings  
Facilitate remote working

## Cloud CDE

Use Cloud based collaboration systems

## AR/VR

Use VR for remote model walk throughs

## Fast Track

Streamline approval process  
Cloud based collaboration

## Camera's / Video Footage

Progress Walk, Safety Walks, Virtual Snagging

## BIM

3D design coordination  
3D model viewers  
4D logistic planning

## Off Site

Maximise off site fabrication & DFMA process

## Drone Technology

Use for remote site inspections, topography surveys

# Construction with Social Distance

Digital construction tools and BIM processes can be utilised to maintain social distancing while still progressing with construction activities and to fast track critical projects.
