

## ARM STANDING COMMITTEE

### NOTICE OF AMENDMENTS TO ARM 4, SUPPLEMENT 2

For Bills of Quantities and Pricing Documents stated as having been prepared in compliance with the requirements of ARM 4 Supplement 2, the measurement of 'builders work' and 'fire stopping and associated fire protection work' for both Mechanical and Electrical Installations shall, from the date of implementation of this notice, be undertaken in compliance with the requirements of ARM 4.

The ARM Standing Committee advises users to make the following amendments to ARM 4, Supplement 2.

1. Page 2, omit the third paragraph and replace with: -  
'Supplement 2 replaces pages 94 to 108 of ARM4 with the exception of Category 1, items 2 to 13 on page 104 in the Mechanical Installation Section and pages 106 to 115 with the exception of Category 1, items 2 to 9 on page 114 in the Electrical Installation Section. Work covered by the exceptions shall be measured in accordance with ARM4.'
2. Page 6, delete items 32 and 33 in Category 2.
3. Page 8, delete items 24 and 25 in Category 2.

From the date of implementation of this notice, the amendments stated above shall be deemed to form part of ARM 4 Supplement 2.

**These amendments shall apply from 2<sup>nd</sup> January 2020 and shall be deemed to have been complied with in the preparation of Bills of Quantities and Pricing Documents stated as having been prepared in accordance with the Rules of ARM 4 Supplement 2 from that date.**
